Liars Colors

How To Win

The goal of the game is to lose all of your cards. The one with zero cards is the winner!

How To Play

- Pree-Phase
 - o Start with dealing 1 cards to each player, the one with the highest card STARTS.
 - o Deal 5 card to each player.
- Game-Phase
 - o The First player declare a bet(a bet is how many colors there is in play).
 - o The Second player choose between Call or Raise.
 - Bet - The First players bid.
 - Call - If you don't believe that the bet is true.
 - Raise The Bet - If you wanna make a higher bet(you can only make higher bets).
 - o You can only Bet,Call and Raise, when it's your turn
(and it's only the latest bet that counts).
- Call-phase
 - o If a bet is false, the caller lose a card.
 - o If a bet is true, the better lose a card.
 - o The one who makes a bad call/bet can choose take 2 cards from the or take 1 S-card.
 - S-card - Are worth twice as much.
 - (A player can't have more than one in hand).
- Round-End-phase
 - o Show the colors that was declared(, discard them into the stack of that color (each color has it's own stack). You always must show at least 1 card of that color (if you have any) but if you have 3 red you can choose to not show two of them.
 - o Declare the winner of the round(which will get -1 card next round).

The Main Rules of The Game

- o The colors has a value from 1-5, [0-Red-Yellow-Green-Blue-Pink-6]
- o You can't bet lower than the highest bet. If the bet is 3 Yellow you can't bet 3 Red, but 3 Green and 4 Red works!
- o **Clock Wise is the director**
- o **The one who made the bad bet starts the next round**
- o If the stack of cards would run-out, a sudden-death stand-off starts.
- o Sudden-death, all players plays with the cards they have, one round the one who wins this bet wins the game
